

Short Notes

ADDITIONS TO THE CHECKLIST OF PHILIPPINE ERICACEAE

GEORGE ARGENT

Royal Botanic Garden, Edinburgh, EH3 5LR, United Kingdom
g.argent@rbge.zc.uk

The genus *Costera* is here added to the “Checklist of Philippine Ericaceae” (Argent 2008) as well as the genus *Leucopogon* (*Styphelia*) previously included as it was in the Epacridaceae and which are now widely accepted as being included in the Ericaceae. An additional *Diplycosia* has also been subsequently published and added here. The following additions complete the checklist and bring it up to date.

Costera

Costera loheri (Merr.) Airy Shaw & J.J. Sm. Bull. Jard. Bot. Buit. III, 13: 421, 1935.

(*Vaccinium loheri*) Merr. Philipp. J. Sci. Bot. 7: 323, 1912.

(*Iaera loheri*) (Merr.) H.F. Copel. Philipp. J. Sci. 47: 85, t.7 f.1-5, 1932.
Luzon (Montalban), Panay, Iloilo

lucida (Merr.) Airy Shaw & J.J. Sm. Bull. Jard. Bot. Buit. III, 13: 421, 1935.

(*Diplycosia lucida*) Merr. Philipp. J. Sci. Bot. 11: 28 1916
Luzon (Sorsogon, Mt. Kilibong)

lanaensis (Merr.) Airy Shaw & J.J. Sm. Bull. Jard. Bot. Buit. III. 13: 421, 1935.

(*Vaccinium lanaense*) Merr. Philipp. J. Sci. 3: Bot. 161, 372.

(*Vaccinium medinilloides*) Elm. Leaf. Philipp. Bot. 3: 1097. 1923.

(*Iaera lanaensis*) (Merr.) H.F. Copel. Philipp. J. Sci. 47: 83, t. 6, fl 1-6
Mindanao (Lanao, Zamboanga, Davao)

Diplycosia

Diplycosia bartelomei Ferreras & Argent. Edinburgh J. Bot. 68 (1): 39-42, 2011.

Luzon (Aurora: Mt. Mingan)

Leucopogon

- Leucopogon obtusatus* Hook f. in Hook. London J. Bot. 6: 269, 1847 non Sond.
(*Leucopogon suaveolens*) Hook. f. Ic. Pl. t. 898. 1852.
(*Leucopogon colensoi*) Hook.f. Fl. Nov. Zel. 1: 165, 1853.
(*Leucopogon hookeri*) Sond. Linnaea 26: 248, 1854 non Sond.
(*Cyathodes colensoi*) (Hook.f) Hook.f. Handb. New Zeal. Fl. 177, 1864.
(*Styphelia montana*) F. Muell. Fragm. 6: 45, 1867 (pro parte).
(*Styphelia suaveolens*) (Hook.f.) Warb. in Sarasin, Reisen 2: 329, 1905.
(*Styphelia hookeri*) (Sond.) J.J. Sm. Nova Guinea 8: 797, 1912.
(*Styphelia obtusifolia*) J.J. Sm. Nova Guinea 8: 798n t.143, 1912.
(*Styphelia obtusifolia* var. *hypoleuca*) J.J. Sm. Nova Guinea 8: 799, 1912
(*Styphelia trilocularis*) J.J. Sm. Nova Guinea 8: 798,799, t.144, 1912.
 including var. *quinquelocularis* J.J. Sm.
(*Styphelia vanderwateri*) Wernh. Trans. Linn. Soc. II, Bot. 9: 101, 1916.
(*Styphelia spicata*) J.J. Sm. Nova Guinea 12: 539, t.224, 1917.
(*Styphelia philippinensis*) Merr. Philipp. J. Sci. 20: 419, 1922.
(*Styphelia obovata*) Malm. Feddes Rep. 41: 295, 1937. excl. basionym
 Leucopogon obovatus Fawc.
(*Leucopogon philippinensis*) (Merr.) Hosokawa, Trans. Nat. Hist. Soc.
 Formosa, 30: 336, 1940
Philippines: Luzon (Benguet), Negros, Mindanao (Davao)
Australia, New Zealand, Solomon Is., Borneo, Lesser Sunda Is., Sulawesi,
 New Guinea
